I. APPLICATION OF MANUAL

This manual specifies rules, rates, premiums, classifications and territories for the purpose of providing professional liability coverage to the physicians, surgeons, their professional associations and employed health care providers.

II. APPLICATION OF GENERAL RULES

All other rules, rates and rating plans filed on behalf of the Company and not in conflict with these pages shall continue to apply.

III. POLICY TERM

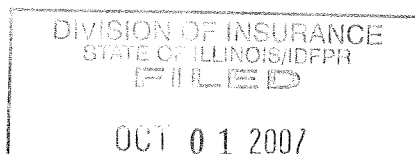

Policies will be written for a term of one year, and renewed annually thereafter, but the policy term may be extended beyond one year subject to underwriting guidelines and state limitations. Coverage may also be written for a period of time less than one year under a short term policy period.

IV. LOCATION OF PRACTICE

The rates as shown in this manual contemplate the exposure as being derived from professional practice or activities within a single rating territory. However, should an insured practice in more than one rating territory and/or state, the following rule shall apply. If 10% or less of an insured's practice is in a higher rated territory, we use the lower rated territory. If more than 10% of an insured's practice is in a higher rated territory, we use the higher rated territory.

V. PREMIUM COMPUTATION

- A. Compute the premium at policy inception using the rules, rates and rating plans in effect at that time. At each renewal, compute the premium using the rules, rates and rating plans then in effect.

Superseded
10-1-07

- B. Premiums are calculated as specified for the respective coverage. Premium rounding will be done at each step of the computation process in accordance with the Whole Dollar Rule, as opposed to rounding the final premium.

VI. FACTORS OR MULTIPLIERS

Wherever applicable, factors or multipliers are to be applied consecutively and not added together.

VII. WHOLE DOLLAR RULE

In the event the application of any rating procedure applicable in accordance with this manual produces a result that is not a whole dollar, each rate and premium shall be adjusted as follows:

- A. any amount involving \$.50 or over shall be rounded up to the next highest whole dollar amount; and
- B. any amount involving \$.49 or less shall be rounded down to the next lowest whole dollar amount.

VIII. ADDITIONAL PREMIUM CHARGES

- A. Prorate all changes requiring additional premium.
- B. Apply the rates and rules that were in effect at the inception date of this policy period. After computing the additional premium, charge the amount applicable from the effective date of the change.

IX. RETURN PREMIUM FOR MID-TERM CHANGES

- A. Compute return premium at the rates used to calculate the policy premium at the inception of this policy period.
- B. Compute return premium pro rata when any coverage or exposure is deleted or an amount of insurance is reduced.
- C. Retain the Policy Minimum Premium.

X. POLICY CANCELLATIONS

- A. Compute return premium pro rata using the rules, rates and rating plans in effect at the inception of this policy period when:
 - 1. A policy is canceled at the Company's request,
 - 2. the insured no longer has a financial and an insurable interest in the property or operation that is the subject of the insurance; or
- B. If cancellation is for any other reason than stated in A. above, compute the return premium on a standard short rate basis for the one-year period.

- C. Retain the Policy Minimum Premium when the insured requests cancellation except when coverage is canceled as of the inception date.

XI. POLICY MINIMUM PREMIUM

1. The applicable minimum premium is determined by the type of health care provider shown on the appropriate Rate Pages.
2. Minimum Premiums will be combined for a policy that provides coverage for more than one type of health care provider.

XII. PREMIUM PAYMENT PLAN

The Company will offer the insured premium payment options, outlined on Page 28.

XIII. COVERAGE

Coverage is provided on a Claims-Made basis. Coverage under the policy shall be as described in the respective Insuring Agreements. The coverages will be rated under Standard Claims-Made Rates.

XIV. BASIC LIMITS OF LIABILITY

Basic Limits of Liability shall be those shown as applicable to the respective insureds.

XV. INCREASED LIMITS OF LIABILITY

Individual Limits of Liability will be modified by Increased Limits factors as applicable for the respective insureds and used to develop the applicable premium.

XVI. PRIOR ACTS COVERAGE

The policy shall be extended to provide prior acts coverage in accordance with the applicable retroactive date(s). The retroactive date can be advanced only at the request or with the written acknowledgment of the insured, subject to underwriting.

XVII. EXTENDED REPORTING PERIOD COVERAGE

The availability of Extended Reporting Period Coverage shall be governed by the terms and conditions of the policy and the following rules:

- A. The retroactive date of coverage will determine the years of prior exposure for Extended Reporting Period Coverage.
- B. The Limits of Liability may not exceed those afforded under the terminating policy, unless otherwise required by statute or regulation.
- C. The premium for the Extended Reporting Period Coverage shall be determined by applying the Extended Reporting Period Coverage rating factors shown on Page 25.
- D. Premium is fully earned and must be paid in full within 30 days of the expiration of the policy.

- E. The Reporting Period is unlimited.

III. PREMIUM COMPUTATION

- A. The premium for professional corporations, partnerships and associations shall be computed in the following manner:
1. The premium will be based on the number of years that the retroactive date (if claims made) of the partnership or professional corporation coverage precedes the policy inception date. At this maturity level, the premium will equal the product of the sum of the individual manual rates of the partners, shareholders and employed/contracted physicians/dentists/allied health care providers, insured by the Company, at the limits selected for the partnership or corporation times the partnership/corporation rating factor indicated under B1 on page 7.

2. Irrespective of the number of individuals, the maximum premium will be based on the five highest rated classifications, subject to any applicable modifications. However, for groups of 10 or more physicians, the Company may base the maximum premium on the sum of the shareholders' rated classifications.
 3. Limits of coverage for the partnership or corporation may not exceed the lowest limits of coverage of any of the insured partners, shareholders or employed physicians/contracted physicians/dentists/allied health care providers, unless unique circumstances are identified and underwriting guidelines are met. These limits of coverage are shared, unless otherwise specified by endorsement.
- B. A professional corporation or association may be made an additional insured on a solo provider's individual policy at no additional charge, subject to underwriting guidelines. This addition will not operate to provide additional limits of liability per health care occurrence or annual aggregate beyond the stated limits of the individual policy, unless otherwise required by statute.

IV. CLASSIFICATIONS

A. Physicians/Surgeons and Non Physician Health Care Providers

The criteria and commensurate credit for a part time practitioner are identified in Section III of this Manual.

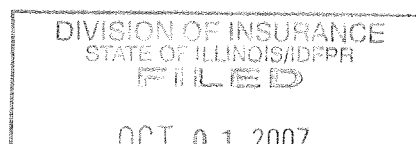

2. A Part Time Practitioner may include any practitioner in classes 1 through 3 only, except for Anesthesia and Emergency Medicine as identified in the class plan. The hours reported to the Company for rating purposes are subject to audit, at the Company's discretion.
3. The part time credit is not applied to the Extended Reporting Period Coverage.
4. No other credits are to apply concurrent with this rule.

C. Physicians in Training

3. The credit is not applied to the Extended Reporting Period Coverage.
4. No other credits are to apply concurrent with this rule.

D. Locum Tenens Physician

3. Leave of absence may include time to enhance the medical practitioner's education, but does not include vacation time, and the insured is only eligible for one application of this credit for an annual policy period.
4. The credit to be applied to the applicable rate is presented on Page 26.

V. **PREMIUM MODIFICATIONS**

The following premium modifications are applicable to all filed programs.

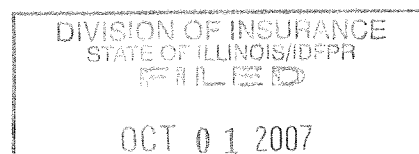

A. Schedule Rating

The Company shall utilize a schedule of modifications to determine appropriate premiums for certain insureds, or groups of insureds, who in the opinion of the Company, uniquely qualify for such modifications because of factors not contemplated in the filed rate structure of the Company.

The premium for a risk may be modified in accordance with a maximum modification indicated on Page 27, and may be applied to recognize risk characteristics that are not reflected in the otherwise applicable premium. All modifications applied under this schedule rating plan are subject to periodic review. The modification shall be based on one or more of the specific considerations identified on Page 27.

B. Risk Management

1% credit will apply for each Company approved CME hour of risk management completed, up to a maximum of 5% credit per year, or attendance at a Company approved seminar.

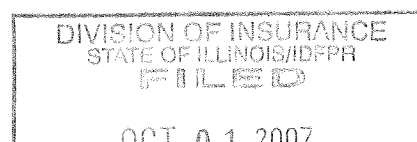

C. Self-Insured Retention Credits

1. Self-Insured Retentions

- a. SIR'S shall be offered to qualified insureds, provided the account generates \$250,000 or more of manual premium. The eligibility threshold shall be 5 physicians in a medical group. The actual experience of the account will be analyzed and the appropriate credit determined. The items considered in the determination of the applicable credit are: the historical paid frequency; historical paid severity; historical incurred severity; the historical allocated loss adjustment expenses as a percent of indemnity; the processing; acquisition and other expenses associated with the account; the variability of results; the credibility of the experience; the selected deductible annual aggregate; and the loss elimination ratio from the lognormal distribution. The table of SIR's and credits is below:

Per Claim Self Insured Retention	Credit As a % of 1M/3M Premium
\$100,000	12%
200,000	20%
250,000	22%
500,000	35%
1,000,000	43%

- b. SIR's shall be funded at the discretion of the Company, including vehicles such as irrevocable Letters of Credit, Cash or equivalent, or escrow accounts.
- c. The SIR's shall apply to the indemnity and allocated loss expense portion of each loss unless otherwise modified by statute.
- d. SIR's can only be revised at policy renewal.
- e. The SIR credits shall apply to the primary limit premium, net of other applicable credits.
- i. The credits are expressed as a function of the Per Claim limit of liability or per insured and aggregate SIR limit.

- ii. The insured may be eligible for an aggregate limit in accordance with underwriting guidelines.
- iii. The maximum premium credit is limited to 75% of the aggregate SIR limit.

D. Experience Rating

Experience Rating is under review. It is currently not available.

E. Claim Free Credit Program

If no claim has been attributed to an Insured, the Insured will be eligible for a premium credit, based upon the number of years the Insured has been claim free. A schedule is provided on Page 26 under M.

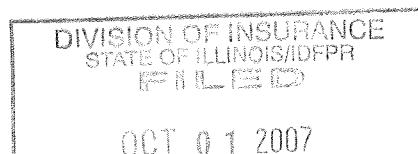

VI. MODIFIED PREMIUM COMPUTATION

A. Slot Rating

- 1. Coverage for group practices is available, at the Company's discretion, on a slot basis rather than on an individual physician basis. The slot endorsement will identify the individuals and practice settings that are covered. Coverage will be provided on a shared limit basis for those insureds moving through the slot or position.
- 2. The applicable manual rate will be determined by the classification of the slot. Policies rated as a Standard Claims Made policy will utilize the retroactive date of the slot. Extended Reporting Period Coverage may be purchased for the slot based on the applicable retroactive date, classification and limits.
- 3. Premium modifications for new physician, part time, moonlighting, teaching, risk management or loss free credit may not be used in conjunction with this rating rule, unless approved by the Underwriting Vice President.

B. Requirements for Waiver of Premium for Extended Reporting Period Coverage.

- 1. Upon termination of coverage under this policy by reason of death, the deceased's unearned premium for this coverage will be returned and Extended Reporting Period Coverage will be granted for no additional charge, subject to policy provisions.

2. Upon termination of coverage under this policy by reason of total disability from the practice of medicine or at or after age 55, permanent retirement by the insured after five consecutive claims made years with the Company, Extended Reporting Period Coverage will be granted for no additional charge subject to policy provisions.
3. The Reporting Period is unlimited.

C. Blending Rates

A blended rate may be computed when a physician discontinues, reduces or increases his specialty or classification, and now practices in a different specialty or classification. For example, if an OB/GYN discontinues obstetrics, but continues to practice gynecology, his new blended rate will be the sum of the indicated OB/GYN and GYN rates, each weighted, at inception of the change, by 75% and 25%, respectively. The second and third year weights will be modified by 25%, descending and ascending respectively, until the full GYN rate is achieved at the start of the fourth year.

D. Per Patient Rates – Emergency Room / Urgent Care

1. Rating of Emergency Room and Urgent Care Groups may, at the customer's request, and approval of the Chief Underwriting Officer, be rated on a per 100 patient visit basis. A risk with fewer than 10,000 patient encounters each year will not qualify for this rating method.

2. For risks rated on a per patient basis, develop premium using the following per 100 patient visit rates. These rates are Claims made, \$1,000,000/3,000,000. These rates are subject to decreased limit factors on page 26 of this Rate Manual. Use the Territory Definitions on page 20 of this Rate Manual.

RE: ER Patient Visit Rate Filing

Dear Ms. Neuman:

Please accept this submission on behalf of Medicus Insurance Company as a rate/rule filing for a Per Patient Rating plan for Emergency Room and Urgent care physicians and surgeons medical professional liability insurance in Illinois. You will find the new rating rule on page 14 of the attached Illinois Rating Manual, under Section D.

Please be advised that these rates and rating rule are derived from ProNational's approved rate filing effective May 1, 2007, Filing #IL0507R. We have deviated 10% downward from the rates in that filing, which is similar to the 10% downward deviation from ISMIE in our initial filing, submitted after we obtained our Illinois Certificate of Authority.

Our Actuary Richard Roth has certified that the rates in this plan are not excessive, inadequate or unfairly discriminatory. He has further advised they are based on sound actuarial principles and are not inconsistent with Company experience.

We request this filing be approved on a file and use basis effective October 1, 2007.

I look forward to your response at your earliest convenience. Should you have any questions, please do not hesitate to contact me.

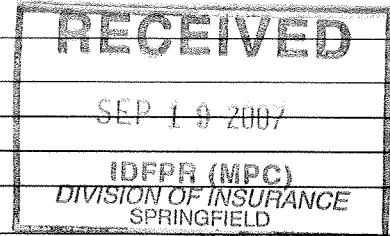

Regards,

Bruce Arnold

- 21.** This filing affords a Per Patient Visit rating plan for Emergency Room and Urgent care physicians and surgeons medical professional liability insurance in Illinois. The new rating rule is found on page 14 of the revised Medicus Illinois Rating Manual, attached. The rates and rating rule are derived from ProNational's approved rate filing effective May 1, 2007, Filing #IL0507R. We have deviated 10% downward from the rates in that filing, which is similar to the 10% downward deviation from ISMIE in our initial filing, submitted immediately after we obtained our Illinois Certificate of Authority. Our Actuary, Richard Roth, has certified this rating plan is based on sound actuarial principles, and are not inconsistent with the Company's experience, and that the rates in this plan are not excessive, inadequate or unfairly discriminatory.

I. RATES

A. Per Patient Rates – Emergency Room / Urgent Care

1. Rating of Emergency Room and Urgent Care Groups may, at the Company's option be rated on a per 100 patient visit basis. A risk with fewer than 10,000 patient encounters each year will not qualify for this rating method.
2. For risks rated on a per patient basis, develop premium using the following per 100 patient visit rates. The above rates are subject to increased limit factors and standard CorpCare[™] rating factors.

Claims-made Rate Per 100 Patient Visits \$1,000,000 / \$3,000,000						
Class	Code	Territory 1	Territory 2	Territory 3	Territory 4	Territory 5
Emergency Room	80429	\$2,287	\$1,613	\$1,298	\$1,950	\$2,062
Urgent Care	80424(V)	\$1,725	\$1,220	\$984	\$1,472	\$1,557

3. Extended Reporting Endorsement Period Endorsement (Tail Coverage)

Extended Reporting Period (Tail) Factors By Month

Claims-Made Year

	1	2	3	4	5	6	7	8	9	10	11	12
1	0.150	0.230	0.310	0.380	0.450	0.520	0.590	0.660	0.730	0.800	0.870	0.940
2	1.010	1.080	1.150	1.220	1.280	1.340	1.400	1.460	1.520	1.580	1.640	1.700
3	1.730	1.760	1.790	1.820	1.850	1.880	1.900	1.920	1.940	1.960	1.980	2.000
4	2.030	2.067	2.100	2.133	2.167	2.200	2.233	2.267	2.300	2.333	2.367	2.400
5	2.400	2.400	2.400	2.400	2.400	2.400	2.400	2.400	2.400	2.400	2.400	2.400

Example: An insured who has a third year claims-made policy and decides to cancel after three months have elapsed would purchase tail coverage at the year 3, three month factor (1.790), times the mature claims-made annual rate in effect at policy issuance. For claims-made year 5 and over the 2.400 factor applies.

Reporting Endorsement ("Tail") Premium Development

Determine the tail premium for each current scheduled health care provider, if applicable. See Section 9, State Rates and Exceptions - Physicians, Surgeons and Podiatrists - Extended Reporting Period Endorsement (Tail Coverage). The only credits/discounts that apply are the Part-Time discount and Deductible credit. All debit/surcharges will apply to Reporting Endorsement premium calculations. The Company may refuse to offer deductible options for premium credit on reporting endorsements in the case of insufficient securitization.

Upon termination of coverage under this policy by reason of total disability from the practice of medicine or at or after age 55, permanent retirement by the insured after five consecutive claims made years with the Company, Extended Reporting Period Coverage will be granted for no additional charge subject to policy provisions.
3. The Reporting Period is unlimited.

C. Blending Rates

A blended rate may be computed when a physician discontinues, reduces or increases his specialty or classification, and now practices in a different specialty or classification. For example, if an OB/GYN discontinues obstetrics, but continues to practice gynecology, his new blended rate will be the sum of the indicated OB/GYN and GYN rates, each weighted, at inception of the change, by 75% and 25%, respectively. The second and third year weights will be modified by 25%, descending and ascending respectively, until the full GYN rate is achieved at the start of the fourth year.
